UNIVERSITY REQUIREMENTS FOR GRADUATION
Satisfied: UNIVERSITY REQUIREMENTS FOR GRADUATION (RG-0010)
(Fall 2022-Present)

This is an Advisement Tool: The Academic Advisement Report has been prepared to assist you in determining your academic progress toward graduation at UB. While efforts have been made to ensure its accuracy, final responsibility for meeting graduation requirements resides with you.

The Office of the Registrar, along with your Academic Department will certify your successful completion of degree requirements.

If you have questions, or find the information inaccurate or incomplete; please contact your Academic Advisor.

The Undergraduate Catalog is the source of policies governing the structure of the Academic Advising Report. (See Undergraduate Catalog, Academics Policies and Procedures section.)

UNIVERSITY UNIT REQUIREMENTS FOR GRADUATION
Satisfied: UNIVERSITY UNIT REQUIREMENTS FOR GRADUATION (RQ-01165)
(2022-Present)

Courses used beyond the University Undergraduate Limits will not be included in the computation of Unit Requirements.

Additional special degree options such as Double Degrees, Double Majors, Joint Majors, Combined Degrees and Subsequent Degrees are available; these degree options require great care in planning early in an academic career in order to meet the full requirements. Advisement is available for such planning; however, it is the student's responsibility to ensure that all requirements of a planned program have been completed - please refer to the Undergraduate Catalog for program options and requirements. The Undergraduate Catalog is the source of policies governing UB degree conferral. (See Undergraduate Catalog, Academics Policies and Procedures section.)

Overall Units

Overall Units - 120 Units Required (LN-010)

Candidates for a bachelors degree must complete a minimum of 120 Units.

Double Degree candidates must complete a minimum of 30 credits beyond the full requirements of the degree with the larger number of required credits or a 150 minimum credits total, whichever is greater. For example, a double degree of Chemical Engineering BS (128 credits) and Mathematics BA (120 credits) requires a minimum of 158 total credits.

See the Undergraduate Catalog for full double degree requirements.
